—Ed. Willard has compressed himself
into the store of John Fowler, opposite the
Willard block. Everything is brought
within reach, easy and rent low. He will
be enabled, on account of reduction of ex-
penses, to more successfully compete with
his neighbors.

—The heavy freeze of last week rather
disturbed the hopes of many in the welfare
of peaches in this quarter. We have not,
however, heard anything of its destruc-
tive effect, and therefore rather take it for
granted that they were not generally, at
least, blasted.

—The Monday morning train, No. 26,
on the L. & M. S. road passed safely
over obstructions upon the track west of
Andover, and a short distance from there
a man by the name of Wiebert was caught
in the act of placing the obstructions and
arrested and held for examination.

—After July first Griggs' Corners
and North Sheffield will receive daily mails.
A daily mail service was started on the
first inst. between New Lyme Station and
Colebrook, via South New Lyme—Dodge-
ville and Brownsville. An office will
probably be established at Dodgeville.

—On next Wednesday at 2 o'clock p.
m. the Council of Baptist churches will
meet in Ashtabula to consider the case of
Rev. W. E. Freeman. Ordination services
will be held in the evening. Sermon by
Rev. Alexander McFarland, of Brooklyn,
N. Y. A cordial invitation is extended to all.

—La. E. B. Hubbard of the 2nd Artil-
lery stationed at Washington, D. C., re-
turned home last Tuesday evening for a short
visit. He came to Buffalo as one of the
detail to escort the remains of the late
General Hentzelman, who was buried in
that city on the 4th inst. La. Hubbard re-
turns to Washington this evening.

—The tenth number of *Golden Days*
that for the 8th inst., shows no falling off
to the make-up of this excellent work for
boys and girls. It has no superior in
merit, either in illustrations or in the charac-
ter of its matter. Our young folks should
make themselves acquainted with its merits
and the enjoyment of its advantages.

—Some of the cheese factories of the
county have already made sales, what
seems a good round price to start the season
with. The factory of South New
Lyme obtained 14 cents. Mr. Barber in-
forms us that while down in Catawagus
county, N. Y., last week, he learned that a
sale had taken place there at 5 1/2 above this.

—Rev. Prof. Smith, of Oberlin supplied
the Congregational pulpit on Sunday last
—morning and evening. The efforts of
this gentleman are evidence of unusual
belletristic attainments and are a rich
treasure for their purity and elegance of their
diction. The audience in the evening
was not such as might have been expected
from an appreciative community.

—Mr. Davidson of editorial proclivities,
made us a friendly call on Wednesday
last. His denizenship of Pittsburg was
not altogether to his mind. He has there-
fore drifted homeward again, stopping for
a while on the *Times*. His ready and
sprightly way, ought to give him a steady,
as it would undoubtedly an appreciative
position.

—On the 10th inst., a meeting of dele-
gates of the 10th Regt. will be held at
Mineral Ridge, to put in nomination can-
didates for the office of Lieutenant Colonel.
Each company of the regiment will send
one commissioned officer to the meeting.
Lt. W. B. Mennelly will represent Co. G.
Councilman Haskell of the "second ward"
is a candidate for the office with good
prospects of being elected.

—The Ashtabula Tool Co. expect to re-
ceive bids next week for the brick and car-
penter work for their new buildings. The
contract for the stone work has been let to
Patrick Fitzgerald. In tearing up the old
foundations in the rolling mill building,
about 60 cords of stone and 12 tons of
iron have been taken out. Two pieces of
iron taken out weighed 8000 pounds, were
24 feet long and 24 inches wide. Quite an
iron mine.

—The Presbyterian Sunday school has
had an attendance of 217 scholars during
the past year, and the Sunday school col-
lections amounted to \$65.23. There were
five scholars who have not been absent
during the year, and whose names have
been recorded in the roll of honor, viz:
Mamie Fisk, Cudde Warrington, Bertie
Crosby, Frank Hall and Tommy Warrington.
Pamela Fisk was present every Sun-
day except one.

—Charley Ingalls is taking some advan-
tage of the fine track that the Connant
people have made such a feature of their
town. He has under his training eleven
nags—all candidates for track distinction.
Charley has few equals in handling the
horse. His endorsement of John Scoville,
as a successful shoer, is such that he has
made a contract with him to spend one
day—Wednesday—of each week, at Con-
nant to keep these eleven horses in trim
for track service.

—The honorary degree of doctor of medi-
cine has been conferred upon our esteem-
ed friend, Dr. E. L. King, by the medical
department of University of Wooster. The
parliament was resolved last Wednesday
and is an elegant sample of the engraver's
skill. Among the articles of confederation
of the American Medical College Association
we find this degree may be granted in
numbers not exceeding one yearly, to dis-
tinguished physicians or scientific men of
over forty years of age.

—While at the ticket office of the Lake
Shore R. R. Saturday evening, we were
surprised at the number of persons who
called for return tickets to Ashtabula,
Kingville and Conneaut. They were ar-
tisans and mechanics who are employed
in our busy town going home to spend
Sunday with their families.

—While talking with a gentleman from
Geneva last Saturday evening, we were
surprised at the number of persons who
were coming to Ashtabula to live. He
said the citizens of Geneva thought the
"exodus" would cease when the lock-
works were started, but they continued to
leave at an alarming rate, and did not
purchase return tickets either.

—The sale of seats in the Presbyterian
Church will take place at 2 p. m. on Mon-
day next.

MARINE NEWS.

—Sandusky Harbor has 14 1/2 feet water.
—Sailors' wages are dropping to \$1.50
per day.

—The tug Dragon returned last Tuesday
night from Toledo where she towed an
Erie dredge and three scows.

—They have been using the dredge in
Painesville harbor, and the claim is that
there is abundant water for the largest
vessels at the uppermost docks.

—The following telegram was received
Thursday morning by the Mayor:
Cleveland, O., May 6th.—Tug left with
dredge. Please get dredge to work with
dispatch.
P. Smith.

—The little tug Hercules of Erie, was on
her way to Toledo, where she is to tow the
and scows of the dredge that was taken
last week to that city by the tug Dragon of
this place.

—Among the recent charters for this
place are the following: Bay State, coal
to Detroit, 30 cents; Exile, coal to Portage,
p. t.; Three Brothers, coal to Portage, p. t.;
J. M. Stockton, coal to Detroit, 30c;
John Wesley, coal to Portage, 30c.

—Telegram to the *Telegraph* from the
harbor last evening, as we were going
to press, said the vessels were arriving so
rapidly that the tugs were towing in two
choicesters at a time, and that the dredge
on the Harbor Improvement job was hard
at work.

—The large schooner, *Helvetia*, arrived
last Saturday with 1400 tons of iron ore,
and drawing 14 1/2 feet of water. This is
the largest cargo of ore ever brought to
this harbor by a sailing vessel, and she ex-
perienced no trouble in reaching her dock,
for the want of water.

—The schooner, *Camden*, drawing about
12 feet of water, reached the entrance to
Fairport harbor last Saturday with a cargo
of ore. A tug put out to her, and after a
short visit the *Camden* turned about and
went to Cleveland. Her captain is not as
confident of the depth of water over that
bar as the *Painesville Telegraph* man.

—The following is the new system of sig-
nals at the Line Kiln Crossing: One
white board signifies that there 14 feet 6
inches of water; two white board, 14 feet
3; three white boards, 14 feet; one red
board, 12 feet 9; two red boards, 12 feet 6;
three red boards, 12 feet 3. An equal
number of similarly colored lights are
used at night.

—The Committee on Commerce has com-
pleted the river and harbor bill, and Mr.
Regan, of Texas, will offer it for passage
under the suspension of the rules at the
first opportunity that offers. The follow-
ing are among the appropriations for the
harbors on Lake Erie:

Ashtabula	20,000
Black River	1,000
Cleveland	150,000
Fairport	5,000
Huron	2,000
Port Clinton	2,000
Sandusky City	10,000
Verona	2,000
Windsor	1,000
Windsor Harbor	20,000
Windsor River	10,000

April 29. Sch'r Hungeford, light from
Cleveland; Prop. Fred Kelley, ore from
Escanaba.

May 1. Sch'r *Helvetia*, ore from Es-
canaba.

May 3. Sch'r King Sisters, light from
Cleveland; sch'r H. A. Moss, light from
Erie.

May 4. Sch'r Lucerne, ore from Es-
canaba; sch'r Helena, ore from Escanaba.

May 5. Sch'r L. W. Perry, light from
Buffalo.

May 6. Prop. Havana, light from Erie;
P. Smith's dredge and scows, light from
Cleveland.

April 29. Sch'r Hungeford, coal for
Houghton; prop. Fred Kelley, light from
Escanaba; May 4. Sch'r Lucerne, light
from Escanaba.

May 5. Sch'r *Helvetia*, light from Es-
canaba; sch'r L. W. Perry, coal Buffalo.

Commenced at Last.

Mr. Patrick Smith's tug James Aman-
dus, with a dredge and two mud scows
reached this place yesterday morning, and
the work of dredging for the purpose of
widening, deepening, straightening and
improving the ship channel has already
commenced. The present contract calls
for the removal of 10,000 cubic yards of
earth, commencing at the upper end of the
Government east pier, and continuing up
stream, making a channel 150 feet wide,
and of a uniform depth of 16 feet at low
water mark. This amount is to be re-
moved by the first of June at the rate of 15c
per cubic yard. The council reserves the
right to increase the amount to be ex-
cavated to 50,000 cubic yards, at the same
rate per yard. The Council is arranging
matters as rapidly as it legally can, to
have the entire work completed with as
little interruption as possible.

Base Ball Items.

Ashtabula has a "scrub" nine that is
striking terror to the hearts of all the
clubs in the county. They do not glory
in a name, but they seem to take great
glory in heaping up the runs in every
game played this spring. On Monday
last they played the Grand River In-
stitute Club at Ashtabula, a game of five
innings and were victorious, the score
being three to twenty-five; four errors
for the Ashtabula's, and seventeen for G.
R. I. Last Saturday they played in East
Ashtabula, a club from Kingsville and
vicinity and were victorious by a handsome
majority. This Friday afternoon at 2:30
o'clock they play the Occidentals of Je-
ferson, on the fair grounds in that place.
We fear our boys will find Friday an un-
lucky day to play the Occidentals.

A Short Strike.

The dock men on the A. & P. side of the
river at the Harbor, employed by the Han-
sen & Co., struck last Tuesday morning
against a reduction of 10 per cent. for load-
ing and unloading cars. There are nearly
100 men employed on this side of the river,
who have been receiving \$1.00 per car for
unloading coal and 10 cents per ton for
loading coal on the cars. Upon restoration
of the old rate the men commenced work
again in the afternoon.

—Officer Hussey arrested Michael Kin-
ney and John Gornish last Tuesday, at L.
S. & M. S. depot for drunkenness and dis-
orderly conduct. He packed them in the
cooler, and on the following morning Po-
lice Justice Heath fined each \$4 and costs
Total \$14.

COUNCIL PROCEEDINGS.

The Policemen were re-appointed
for 31 days—And their salaries re-
duced to \$45 per month—Appoint-
ment of members of Health Board,
etc.—A lively session that closed
at 12:50 A. M.

The Council met last Wednesday eve-
ning in regular session, at which all mem-
bers were present including Solicitor
Hoyt. Minutes approved.

The finance committee submitted a re-
port in which was included a levy of tax-
es for the coming year, which was pub-
lished in another column. The report was
received, and after reducing the levy for
street purposes two-tenths of one mill, and
adding one-tenth to Police and one-tenth
to lighting streets the report was adopted.

The Street Committee reported that at a
meeting of County Commissioners, Town-
ship Trustees and Council Street Com-
missioners, the County Commissioners agreed
to pay one-half of expense of putting Gulf
road in good condition and by cutting off
the point near commencement of fill; that
the Town Trustees agreed to contribute
the Village and bear one-half of the ex-
pense. It was estimated the total expense
would be \$200, \$50 of which would be for
the Village to pay. Report received and
Committee authorized to expend not to
exceed \$50 for the improvement. The
Street Committee also reported streets in
certain parts of Corporation in need of re-
pair. Report received and Committee
authorized to make all ordinary repairs.

The Fire and Water Committee sub-
mitted a report in which they stated how
carriage of Protection Co. in bad repair,
and suggested that necessary steps be
taken to purchase a new one, that many
of the uniforms of said company have been
stolen by tramp; that steps be taken to
prevent any future thefts; recommended
that a committee be appointed to confer
with Chief and members of the company,
and ascertain how many new uniforms
are needed and the probable cost, and re-
port at next meeting. Report received.

On recommendation of the Police Com-
mittee the salary of policemen was re-
duced from \$50 to \$45 per month; Seymour
and Call voted nay.

A petition bearing 278 names praying
for the reappointment of Wm. Henning
to the Police Force was read, and referred
to the Mayor.

The Mayor appointed for 31 days and
the Council confirmed Crawford Large as
Sergeant for Harbor; John Hussey for
L. S. & M. S. depot; C. L. Scoville for up-
town.

On motion of Mr. Haskell, the Police
Committee was directed to prepare rules
for government of policemen, and to dis-
seminate them.

The Committee on Parks and Cemeteries
reported several trees had died in park
and should be replaced; that trees should
be trimmed, and that playing in Triangle
Park be stopped; that the Board of Health
J. N. McGiffert's residence and old cemetery
was down; and that for \$15 from the
Village Mr. McGiffert would build a new
cemetery for the village and 16 rods long. Re-
port accepted, committee directed to make
necessary repairs in parks, and Solicitor
to procure a copy of record of cemetery
lot and lands adjoining and report at next
meeting.

The bond of M. G. Heath as Police Jus-
tice of \$1,000 with C. E. Swift and J. H.
Bogus as sureties was read and approved.

On motion the Mayor appointed Coun-
cilman C. E. Swift as a special committee
to find new location for
Mayor's office and Council rooms, and re-
port at next meeting.

The Mayor appointed and the Council
confirmed Chas. E. Scoville as engineer of
steamer No. 3. The Mayor then appointed
Albert Savage for one month at a salary
of \$15 per month, which appointment was
confirmed.

May 1. H. H. was appointed and confirmed
as Chief Engineer, Geo. Brake, Asis-
tant Engineer, and E. H. Gilkey as Cap-
tain of steamer No. 3.

Dr. J. C. Hubbard was appointed and
confirmed a member of Board of Health to
serve unexpired term of E. L. King re-
signed; James Reed and H. J. Topyky were
reappointed for the term of three years.

The following resolution was adopted:
Resolved, That the Solicitor advised
by David Sloan, C. E. be and he is
hereby directed to ascertain and report the
assessed value of the property abutting
on Depot street. Commencing at bank of
creek and terminating at Station street,
and report at the next regular meeting.

An ordinance levying and apportioning
taxes for 1880 was read and unanimously
adopted upon suspension of the rules.
Adj. 12:30 A. M.

A Boy Killed.

Arthur Dougherty, aged 19 years, son of
Patrick Dougherty of Kingsville, was
killed by the cars at Conneaut last Sunday
night while attempting to board freight
No. 39, with the intention of riding to Ashtabula.
It is supposed that he mislaid his
hold on the train and fell to the edge of
the platform, where he was struck by the
passing cars. One of his arms was broken,
and his head badly mashed. He has been
in the employ of Thomas Dohan at the L.
S. & M. S. depot in this place; on Sat-
urday night took the accommodation train
for Kingsville to spend Sunday with his
parents, and Sunday evening he went to
Conneaut.

—Those soap and jewelry vendors at
auction upon our public streets, are a pos-
itive nuisance, for which a license is taken
by the corporation, therefore the nuisance
is protected—legal, and without relief.
One of these chaps with a peculiarly high
and oily tongue, and a ringing voice, took
his position within a rod or two of our win-
dow the other day, and during the time he
was under way, nothing was to be heard
but his incessant clack, and nothing could
be done but to suspend business until he
got through. Thus the legitimate busi-
ness of the village is given a second place
to these noisy rattle-brained, self-conceited
nuisances. If the Mayor would only stipu-
late with these fellows to occupy some
eligible place on the creek or lake bank,
there would be, probably, no complaint of
disturbance.

CARD OF THANKS.—Sincerely thankful
to the Republicans of the State for the
honor of the nomination for Clerk of the
Supreme Court of Ohio, I desire to spec-
ially thank the Republicans of this county
and vicinity, the press and the delegates to
the State Convention. And I assure those
not members of the party, who have taken
a friendly interest for me, both three years
ago and now, that their kindness is also
gratefully appreciated.

April 30, 1880. Dwight Crowell.

THE HORSE.—Dr. R. J. Kendall's Treaty
on "The Horse and his diseases," one of the
most complete and reliable works of the
kind published. By the aid of this work,
much may be done to relieve many of the
ailments to which the horse is subject.
Price 35 cts. To be had at this office or at
C. E. Swift's drug store.

At a joint meeting of the Trustees and
Council last Monday, a levy was made of
one-tenth of a mill for cemetery purposes;
they then adjourned till May 14th for the
further consideration of purchasing an ad-
ditional site for the cemetery.

A. L. Thompson has gone into part-
nership with his father in the boot and shoe
business, buying out his brother's interest.
Mr. Thompson is a young man of energy
and will be a valuable member of the firm.

A few days since Messrs. Storrs, Har-
rison & Co. received thirty-five cases, con-
taining one hundred and fifty thousand
plants, shrubs and other nursery stock,
imported direct from June, Ohio. They have
another large shipment now in the N. Y.
Custom House, awaiting the arrival of
foreign bills.—*Painesville Telegraph*.

This is the most enterprising and reli-
able firm in the nursery trade.

Nichols & Co's Bark and iron is the best
Spring Medicine.

Just received, five large cases of Mill-
ary at Mrs. P. M. Pierce's. 83-84

Teachers' Examinations.
Examinations for the county schools
will be held during the Spring Term, as
follows:

Audubons Monday, " 10
Examinations will commence at 8:30 a.
m. E. L. Langdon, Clerk.

Ingersoll's Lectures, 5c edition, 21 num-
bers, at Central News Room. 83-85

Anticipating making a little change in
business, I propose to sell \$2,000 worth of
Gold Watches without much regard to
cost. G. W. Dickinson, Ashtabula.

Note Books.
A new stock of blank note books, of our
own popular print, at 40 cents each.

TELEGRAPH OFFICE.
Most anything at Central News Room.

Try Stebbins silver and gold cleaner; it
is the best in the market. 21

Now is the time for you to order your
Spring and Summer Hats and Bonnets of
Mrs. F. M. Pierce. 83-84

business, I promise to sell \$2,000 worth of
Gold Watches without much regard to
cost. G. W. Dickinson, Ashtabula.

We have several thousand old news-
papers which we will sell at 90 cents per
100. James Reed & Son.

From the Sturgis, Mich., Weekly.
Mr. John Brut, living in Sherman township,
informed us a few days ago that his feet had
been so terribly frost bitten that he could
hardly stand the pains caused thereby. He
happened to think of St. Jacob's Oil,
which he always has handy—rubbed his
feet twice with the remedy, and the pain
has entirely disappeared. He not only val-
ues St. Jacob's Oil as an unexcelled remedy
for a great many other painful diseases, to
which mankind is subject, but he also as-
serts that it is really invaluable for the many
disorders horses and stock are subject to and
which so often play havoc with the pros-
pects of the farmer and stock raiser.

Troublesome Children.
That are always wetting their beds ought
not to be scolded and punished for what they
cannot help. They need a medicine hav-
ing a tonic effect on the kidneys and ur-
inary organs. Such a medicine is Kidney
Wort. It has specific action. Do not fail
to try it for them.

Re-working Butter.
Hundreds of tons of white butter are
bought every year, worked over by dealers,
colored up and sold for double the price
paid the farmers. This fact should con-
vince farmers that they should put their
own butter into the best shape for market
and so realize all they can from it. It
must have the golden color of June, which
nothing but Wells, Richardson & Co's Per-
fected Butter Color can give. Use this
color, pack your butter in the best manner
and you will get the top price.

Book Crock Banner.
At a joint meeting of the Trustees and
Council last Monday, a levy was made of
one-tenth of a mill for cemetery purposes;
they then adjourned till May 14th for the
further consideration of purchasing an ad-
ditional site for the cemetery.

A. L. Thompson has gone into part-
nership with his father in the boot and shoe

Gold Watches without much regard to
cost. G. W. Dickinson, Ashtabula.

We have several thousand old news-
papers which we will sell at 90 cents per
100. James Reed & Son.

From the Sturgis, Mich., Weekly.
Mr. John Brut, living in Sherman township,
informed us a few days ago that his feet had
been so terribly frost bitten that he could
hardly stand the pains caused thereby. He
happened to think of St. Jacob's Oil,
which he always has handy—rubbed his
feet twice with the remedy, and the pain
has entirely disappeared. He not only val-
ues St. Jacob's Oil as an unexcelled remedy
for a great many other painful diseases, to
which mankind is subject, but he also as-
serts that it is really invaluable for the many
disorders horses and stock are subject to and
which so often play havoc with the pros-
pects of the farmer and stock raiser.

Troublesome Children.
That are always wetting their beds ought
not to be scolded and punished for what they
cannot help. They need a medicine hav-
ing a tonic effect on the kidneys and ur-
inary organs. Such a medicine is Kidney
Wort. It has specific action. Do not fail
to try it for them.

Re-working Butter.
Hundreds of tons of white butter are
bought every year, worked over by dealers,
colored up and sold for double the price
paid the farmers. This fact should con-
vince farmers that they should put their
own butter into the best shape for market
and so realize all they can from it. It
must have the golden color of June, which
nothing but Wells, Richardson & Co's Per-
fected Butter Color can give. Use this
color, pack your butter in the best manner
and you will get the top price.

At a joint meeting of the Trustees and
Council last Monday, a levy was made of
one-tenth of a mill for cemetery purposes;
they then adjourned till May 14th for the
further consideration of purchasing an ad-
ditional site for the cemetery.

A. L. Thompson has gone into part-
nership with his father in the boot and shoe
business, buying out his brother's interest.
Mr. Thompson is a young man of energy
and will be a valuable member of the firm.

A few days since Messrs. Storrs, Har-
rison & Co. received thirty-five cases, con-
taining one hundred and fifty thousand
plants, shrubs and other nursery stock,
imported direct from June, Ohio. They have
another large shipment now in the N. Y.
Custom House, awaiting the arrival of
foreign bills.—*Painesville Telegraph*.

This is the most enterprising and reli-
able firm in the nursery trade.

Nichols & Co's Bark and iron is the best
Spring Medicine.

Just received, five large cases of Mill-
ary at Mrs. P. M. Pierce's. 83-84

Teachers' Examinations.
Examinations for the county schools
will be held during the Spring Term, as
follows:

Audubons Monday, " 10
Examinations will commence at 8:30 a.
m. E. L. Langdon, Clerk.
